

THE HAMLIN HERALD

IN 38th YEAR — EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, NOVEMBER 18, 1943

NUMBER 3

Mrs. W. M. Green Died Mon. Morning, Nov. 15

One of Hamlin's real pioneer women, Mrs. W. M. Green, passed away at her residence in Northwest Hamlin at 10:00 A. M. Monday, November 15, at the age of 84 years, 11 months and 22 days. She was born November 23, 1858.

The recounting of the life of this noble woman, brings back many facts of the early days of Hamlin. It was late in 1906 that the family moved to Hamlin from Eldorado, Arkansas. The late W. M. Green, was the first man to build a brick structure in Hamlin, and for many years this family operated one of Hamlin's biggest general stores.

Mrs. Green was born in Louisiana and moved with her family to Arkansas, and to Texas in Hamlin's early years. Her activities in this community helped to lay the foundations of our churches and social structures. She was one of the early members of the First Baptist church and her home, one of Hamlin's biggest and best, was the center of life for the young people and church and club activities. Mrs. Green continued active long and faithful till her age and ability to get about hindered her from getting out. She went through many vicissitudes to render service, and support of everything worthwhile for the community. She was a charter member of the Hamlin Literary Club, and maintained membership as long as she was able to attend.

Survivors are four sons, as follows: J. H. Green of San Antonio; Dr. Leon Green, Dean of the Law School of Northwestern University, Chicago, Ill.; W. W. Green and Banks Green of Hamlin. One daughter survives, Mrs. H. L. Norris of Idalou, Texas. There are 15 grandchildren.

Funeral services were held at the First Baptist church, Tuesday, at 3:00 P. M., with the pastor, the Rev. B. J. Martin in charge. He paid a beautiful tribute to her as a Christian of unflinching faith and devotion. He emphasized the worth that Mrs. Green had been in the building of character in this community. Many lovely flowers from friends were present in silent tokens of a deep love and esteem.

The Barrow Company had charge of interment in Hamlin East Cemetery.

Those coming from out of town to attend the funeral of Mrs. Green, were her daughter and husband, H. L. Norris of Idalou; Mrs. W. A. Riney and daughter of Clarendon, (the former Miss Lillian Norris) Mr. and Mrs. Pierce Phillips and children of Vernon, (Mrs. Phillips is a niece of the deceased, who was reared by Mrs. Green) Mrs. W. A. Brock, of Sweetwater, mother of Mrs. Banks Green; and Mr. and Mrs. George Yantis of Abilene.

Red Cross Needs Women To Knit

A soldier cold in Italy wrote his wife, employed in a Jones County department store, for a knitted helmet, described by him.

One was not available; so she bought yarn, borrowed needles and instructions from Jones County Red Cross, and with the help of her family, mailed the knitted helmet in a week's time.

Seven helmets on Jones County's Red Cross quota did not get knitted and shipped in September as ordered. A new knitting quota is in, and chapter officials are wondering if more women, in the comfort of their homes, can find time to help get this work ready for our armed forces abroad.

Ambiguous directions last year caused expert knitters, many of whom had knitted more than half dozen sweaters, to rip garments as many as three times in order to conform to headquarters regulations. Simpler and clearer directions are now in and volunteers are urgently needed to help in the program.

Mrs. J. C. Bryant, Stamford, has just been awarded the county's first Red Cross service pin in knitting 1,000 hours. During the past year, she made 19 different turtle-neck sweaters, sleeveless sweaters, and helmets. She is still knitting and will have 1,150 hours this week. Of sixty turtle-neck sweaters assigned to Jones county, fifty are finished, with Mrs. Bryant completing nineteen.

Herald Will Be Out On Wed. Next Week For Thanksgiving

The Hamlin Herald will be closed on Thursday of next week, Nov. 25 for Thanksgiving. That means that whatever is printed must be in and set into type before noon on Wednesday. The paper will be in the office before night of Wednesday. Do not forget this. This paper is trying to serve the community to the best of its ability and your co-operation will be appreciated. We believe every American should stop and meditate, give thanks and ask guidance at the stated time. Don't forget to attend the Community Service at the Methodist Church on Wednesday night.

Jones County Livestock Win Prizes At Abilene

W. R. Brigham of Tuxedo, led the way as Jones County livestock breeders scored heavily in the district show held at Abilene, Nov. 3 to 5th, according to James M. Binion, County Agent. Brigham, a Jersey breeder, won first and third in the junior yearling bull class with Successor Sam Volunteer and Wonder Poppy Volunteer respectively.

In the aged cow class Mr. Brigham won first with Poppy Signal Pretty Girl. Roy Critz of Stamford won second and Combination You'll Be Titus and Charles Walsh won fourth with Palatine Pretty Design. In the two year old class cows, Mr. Brigham won third with Wonderful Moor Violet, fourth with Volunteer Gipsy Geraldine and Jas. Garrett of Truby won fifth with Wonderful Lovely Law. Mr. Brigham won send in the dairy herd of three cows and first in the dam and son class.

Composite groups from Jones Co. won first in the get of sire class and second in the country herd class. Elton Brigham, son of W. E. Brigham and a Jones County 4-H Club boy, and future farmer, won first in the junior showmanship contest. Charles Walsh, Jones County boy from New Hope, also a 4-H club member, won fourth in the dairy judging contest with 150 competitors.

J. H. Braswell of Rt. 3, Stamford showing the beef cattle division, won third in a heifer class. Mr. Moritz, of Stamford, showed a bull in the beef division. Roy Arledge of Stamford did not enter the show but sold a bull and cow at the Hereford sale.

In the swine division, Bobby Gene Martin, Noodle 4-H club member, showed the county champion gilt and placed third in the Seer's competition with winners from five counties. For showing the county champion, Bobby Gene won a registered Jersey heifer. Other 4-H club boys showing hogs were Donald Ray Baldwin, Anson; Leon Blankenship, Anson; R. C. Addison, Hawley; Jimmy Walsh, Stamford and Elton Brigham of Tuxedo.

Seventeen counties were eligible for the show and competition was tight in all divisions.

REV. AND MRS. EAST HAVE A FINE BOY

The Herald has information that Rev. and Mrs. H. E. East of Tulsa have a fine son in their home. This is the first son. The first two children are girls. Rev. East was formerly pastor of the First Baptist church in Hamlin. Congratulations.

Mr. and Mrs. W. B. Berry of Nugent are parents of a daughter born Nov. 2 in an Abilene hospital. Maternal grandparents are Mr. and Mrs. John Holland of the Hitson community.

W. C. Russell and son Corporal Jack Russell, Herman McBride, Stanley Carmichael and E. J. Whaley left Monday for the deer country to be on the grounds early Nov. 15th.

Mrs. R. A. Buckner of Lubbock is spending the week here with her sister, Mrs. W. C. Russell.

Mr. and Mrs. W. H. Collins of Brownfield were here this week to visit Mrs. Collins' sister, Mrs. Vera Nobles, and to look after business interests.

Thanksgiving Services Will Be Held At Methodist Church Wed. Night

Wednesday night, November 24, at 8:00 o'clock, Hamlin community will meet in a joint Thanksgiving service at the Methodist church.

The Hamlin Ministerial Alliance has sponsored this service for several years, and their program this year will be helped by the assistance of the Schubert Music Club.

Last year a beautiful service was held in the day time, on Thanksgiving Day. This year the night service before the Day. The Alliance hopes to have a crowded house to hear and feel the following program: Remember it is at 8:00 P. M., Wednesday, November 24, at the Methodist church.

Boys' Choir Program Put Off Till Nov. 26

The Herald is requested to announce that the Apollo Boys' Choir program has been moved up to Friday night, Nov. 26. Please remember the change.

Rev. Harrell Assigned Hamlin Church Again

Below we carry the announcement of Rev. J. E. Harrell who has been serving the Methodist church so well. The Herald speaks for the entire community in saying that Rev. Harrell is highly appreciated in this community. We are glad he has been returned.

His statement: "It is, indeed, a pleasure to be returned as pastor of the Methodist church in Hamlin for another year. The three years Mrs. Harrell and I have spent in Hamlin have been very happy years. We have appreciated the hearty support and good will of all the people and the things that have been accomplished have been made possible by this fine spirit and splendid co-operation. We pray and hope this will be the greatest of the four in every respect. We have, no doubt, made some mistakes, but we desire to profit by those mistakes and give to the Methodist church and the people of this community the very best Christian service we are capable of rendering.

"To make possible our dreams and aspirations for this another year of ministry here, we must have the continued support, cooperation, and good will of every one. We covet just that and pray that in return, we shall give to the good people of this section the very best Christian service possible as we strive to advance the Kingdom of our dear Lord."

Takes Pastorate In Casa Grande, Arizona

Rev. Dewey Helms and family left Tuesday for Casa Grande, Arizona, where Rev. Helms has been called as pastor of the church, Assemblies of God. Rev. Helms has been in Hamlin only eight months and reluctantly leaves for the new field.

Rev. J. G. Bell of San Saba will be here Sunday to take the Hamlin church.

Dr. Cooke To Speak At Methodist Church

Dr. Harold G. Cooke, president of McMurry College, will speak at the Methodist church next Sunday morning in the interests of the \$1,750,000 endowment and building campaign for McMurry College. Dr. Cooke was formally installed president of McMurry College at the beginning of this school term, and at that time this great endowment and building campaign was launched in this immense territory of North-west Texas and New Mexico.

Over 500 speakers from Texas, New Mexico, and Oklahoma will participate in this speakers campaign in the Methodist churches of the North and West Texas and New Mexico conferences during the week of November 14 to 21. In this campaign the College is urging purchase of War Bonds in the name of McMurry College to help "win the war and preserve the peace."

Methodists dare not fail in this great undertaking to build and equip an institution of Christian education in this great section of the West where young men and young women will have an opportunity to be trained in the fundamentals of real character. We Methodists have the money and surely we will not fail to give our boys and girls a Christian institution of higher learning where they can be better prepared to live right and make this great Western section a finer Christian land.

Hear this great preacher and Christian leader next Sunday morning at the 11 o'clock service. His great message will stir your heart and cause you to understand and appreciate better our own McMurry College. Visitors are invited and urged to attend this service.

Memorial Services Sunday Afternoon For Cpl. Townsend

At 3:00 o'clock P. M. Sunday, Nov. 21, at the First Baptist church the Kiefer Patterson Post of the American Legion of Hamlin will sponsor the Memorial Service for Corporal Donnell Townsend, who lost his life in Sicily on July 10, 1943.

Rev. G. D. Reid of Abilene will make the principal address.

The Legion invites everyone to be present for this service in memory of Donnell Townsend.

John F. Whiteley Died In Abilene Nov. 12th

Funeral services for John F. Whiteley, 74, pioneer resident of Jones and Taylor counties, who passed away November 12, 1943, at the home of his daughter, Mrs. Harvey L. Pinner, 1842 Fellmore, Abilene, were held at the Methodist church in Bangs, Texas, Nov. 13, at 2:30 P. M.

In charge of the services were Rev. J. D. Smoot of Comanche, Dr. S. E. Chandler, former president of Daniel Baker College, and Rev. Clyde Pittman, pastor of the Bangs Methodist church.

Born Sept. 30, 1869, in Bell County, John F. Whiteley was a resident of Texas throughout his life. He was married to Dorinda Jane Fort at Gatesville in 1889, where they lived until they came to Taylor County in 1898. From 1906 to 1914 he lived in Hamlin where he played an important part in building of the town. For the next twenty-three years he was engaged in farming and in real estate business in Brown County.

Since his wife passed away May 20, 1929, he has lived with his daughter, Bernice R. Whiteley, who is teaching English in South Junior High School in Abilene.

Survivors other than the two daughters in Abilene, are M. B. and W. L. Whiteley in Brownwood; Mrs. W. T. Binion of Commerce; Mrs. R. B. Pierce of Comanche and John R. Whiteley of Hamlin. Two brothers, J. M. Whiteley of Hillsboro and R. S. Whiteley of Hamlin, and four sisters, Misses Allie and Pearl Whiteley of Hamlin, Mrs. Byrd W. Creekmore of Houston and Mrs. W. A. Smith of Hearne also survive.

Fisher County Gets Two Quality Bulls

T. H. Roensch, Fisher County Agent, reports that two more quality Jersey bulls have been brought into Fisher county which will fit in nice with their dairy improvement program. M. S. Reynolds, Rt. 1, McCaulley, who recently purchased the Jersey bull calf, Princess Junior Prince No. 443166 from the school of the Ozarks of Missouri, is by the sire Signal Volunteer Junior No. 417460 which is the second sire to receive his star certificate calculated on the new 305 day basis was awarded six stars. This makes him the highest officially star rated bull in all the land. The dam F. Prince Blonde Queen 1190241 has just completed her test of 517 pounds of fat in 307 days.

Vern Underhill, Rotan, bought Hallmark Royal Design 432667, a 4 star bull carrying 22 credits, from C. A. Thomas, Weinert, Texas. The sire of the bull was Royal Marys Design 354680, a Superior Tested Sire, with an equivalent rating on 13 daughters testing 590.1 fat. The dam was Observer Flag 1006840, Tested Dam with a mature equivalent rating on 3 daughters of 14-279 milk; 4.39 per cent or 637.2 of fat. The breeder of the Thomas bull was the Hallmark Farm, Kansas City, Mo.

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF
THAT

If there IS anything wrong with this country, it must be that we have not had enough church weddings. A church wedding seems to tie a more binding knot than other kinds.

—Marriage is a pretty good subject, any time. But reports are that there are not so many in this year 1943 as in the early war years. Maybe it is because it takes men to have a marriage, and about eight million men are in the armed services, and as soon as a boy gets 18 he is inducted. So marriage must wait on war.

—The pet that touches our heart quicker than anything else is that little fellow, just sprouting his front teeth and displays that wonderful smile, when you ask him or her "Where's Daddy?"

—And Congress is still trying to do something about fathers going into the armed services, but what about those already in and those who are being taken every week? If the government really needs the dads, the dads will not need to be conscripted, most of them won't, and a Dad's army is the best in all the world. Whatever is to be done should be settled and stop so much miserable uncertainty.

—Now changing the subject — Realities are what counts, not what might have been or should have been.

—It seems that some system should be found whereby the government could know how many persons are needed in any department, know what they are paid and exactly what they do to earn their money. How does the pay roll build up, what do they do, how much, what for, and who gets what?

—We hear a lot of folks kicking about so and so getting so much in war defense jobs.....about too many being on the job and so many toes ground off by walking on one another. The government is responsible for this in an indirect way only. The foolish thing of letting a contract on cost plus fixes it so that the more it costs, the more the contractor gets out of it. Why should he care if the man or girl gets \$50 per day, or whether a few car loads of lumber are jumbled and burned. The trouble started 'way back yonder when Uncle Sam wanted something done quickly no matter what the cost. Contractors and labor organizations started off with the upper hand and still hold it. Watch 'em tumble just as the war ends. It is always hard to change a situation after it once gets set up. American people can do a grand job in any field, but they want big pay while doing it. Really most people are that way.

Bobby May Very Ill

Information Wednesday was that Bobbie May, son of Mr. and Mrs. Robert May of Colorado City, is very ill at a hospital in Ft. Worth.

Last week it was thought he had infantile paralysis. But it is reported as a blood stream infection. Penicillin has been given and has helped but he is reported with pneumonia now and not much chance for recovery. Bobbie is 13.

Mr. and Mrs. Joe A. Holland, Mmes. Leathers, Whittfield and Clarence Percy of Clarendon, were week end guests in the home of Mr. and Mrs. John Holland. Mr. Holland is recovering from an attack of flu, and has been suffering with an ear infection.

Facing The Facts

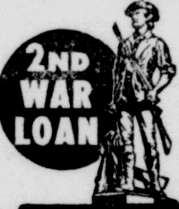

It is hard for the average American to get a suitable picture of the war situation, of the home conditions, of prices, labor and about how long the war will last and what will be our outlook following the war.

In these days we are hearing more and more about foods, starvation, and epidemics and death over the world. The food situation in this land is not one for domestic worry and much as that for foreign populations. We know this much, only too well: Our soldiers and our armies are in the midst of a terrible struggle that is taking all we folks at home and the armies at the battle fronts can furnish to set the world back in an atmosphere of peace.

Most Americans are getting impatient about the progress of the war, as far as Americans and the English are concerned. We hear plenty about the Russians pushing the Germans out of the Russian territory, and that makes us feel all the more impatient. We fail to get in our minds that the Americans and English would do the same and maybe a little bit more if a German army was on our own land. Let us bear this in mind that Germany is getting pounded to pieces, and that there will come a day when she must stop. December 15th has not arrived yet, but it is getting close up. Something is in the wind and none but the military leaders can really know when the greatest blow to ever hit Europe is going to strike.

Italian Prisoners Working In Jones Co.

This week Mr. Binion, Jones County Agricultural Agent, was in Hamlin and revealed the fact that this county is getting a little labor from the Italian prisoners, who are stationed in Camp Barkeley. He said that about forty-five of them had been employed to shake peanut vines and stack them. They are paid one dollar per acre and the 45 men can shake and stack about 60 acres a day. Just where they are he did not reveal. But it would seem that if these men do this voluntarily and get about a dollar or a little better for their work, it should work for the good all around. The men evidently pass off the time that way better than doing nothing. It gives them an income, maybe better than they would get at home. It enables the grower of peanuts to get a valuable food product ready for use.

The County Agent said that God had been mighty good to this county this year. Rains were scattered and made the crops so uneven that available labor could shift as the crops grew. The fall has been extremely dry and cotton, though short, was dry and clean and free from stain, and most of it could be gathered by local labor. Cotton is about 90 per cent out, and the crop will be about half what it was in 1942.

Agricultural Notes

The "back to the farm movement" is gaining force right along.

If oats are grown as a companion crop in the seeding of legumes, a variety which matures early and produces a minimum amount of straw should be used. Kanota and Vicland are best suited for this purpose in addition to giving excellent grain yields.

Broom Corn

Vacuum cleaners, carpet sweepers and push brooms made from tropical fibers have decreased the market for the ordinary broom made from the broomcorn plant. At the same time, lower prices do not inveigle people into buying more brooms.

Broomcorn is unique among agriculture products in that the brush is the only part of the plant now used. The stalk is left standing in the field and is plowed under the next spring. Some is used for feed but is not much liked by animals.

The plant will grow in most states but commercial production is confined to small sections in Oklahoma, Colorado, New Mexico, Kansas, Texas and Illinois. It is a highly speculative crop because it is too costly to harvest. Any bumper crop will cause violent price fluctuations. During the last ten years, prices have ranged from \$37 a ton in 1932 to \$164 for a short crop in 1934. About \$70 per ton is the average price to the farmer.

Scientists are trying to improve the varieties by cross breeding with other sorghums. They hope to produce a variety with more palatable seeds which livestock will eat.

It would also be advantageous to develop a new kind that will not turn red as this lowers the commercial value of the brush. Manufacturers would also like a better brush without a center stem. Farmers would like one without hair on the chaff which irritates the skin of those working with it.

To find possible markets for the brush, experiments are needed to perfect methods of using the tough fiber in weaving hats and mats.

Large Cows Give More

Large cows of any breed have the advantage over small ones in milk production. However, it should be remembered that size alone does not necessarily indicate high milk production efficiency. On the other hand, it is well known that size, within the breed, is one of the important factors in economical milk production, and it is dependent both on inheritance and environment. The way the calf is fed after birth is just as important as having proper-sized calves.

I GIVE YOU TEXAS

(By BOYCE HOUSE)

General Sheridan once said, "If I owned Texas and h - - -, I'd rent out Texas and live in h - - -."

And Senator Ben (Pitchfork) Tillman is credited with having declared "Texas has more trees and less timber, more rivers and less water more cows and less milk—and you can see farther and see less than any darn country in the world."

These are two of the best known sayings about Texas—and they, with 498 others, are included in a new book, "I Give You Texas: 500 Jokes of the Lone Star State."

The oldest joke on the weather in Texas is the story about the farmer who started to town in a wagon drawn by a yoke of oxen. On the way, one of the oxen died of sunstroke and, as the farmer was skinning the animal, the other one froze to death.

Another is the one about the traveler who asked the filling station attendant in West Texas "Does the wind blow like this all the time?" And the native answered "No, some times it turns around and blows the other way."

Maybe not so often told is the one about the tourist who was going through a Southwestern Texas town. He saw a teacher out on the school campus with a group of little children. She had a garden hose and, as the water sparkled through the air, she said, "Children, that's what rain looks like."

Of course, everybody has heard about there being nothing between Amarillo and the North Pole except a barbed wire fence. When Admiral Peary reached the North Pole, he is supposed to have remarked, "Gee, I'll bet it's cold in Amarillo this morning." (This is a gross reflection on the exhilarating climate of the Panhandle).

And we all know the suddenness with which a norther strikes: like the time the man threw a dipper of water at the cat. Just then a norther hit, freezing the water in mid-air and the chunk of ice fractured the cat's skull.

Anyhow there are hundreds of Texas jokes in the book—about razorbacks, mavreicks, cowboys, Judge Roy Bean, politicians, to name just a few of the subjects. The Naylor Company of San Antonio is the publisher of "I Give You Texas"—and (if the editor will let this get in print) the price is \$2— and I think it's worth every cent of it, but, then, I'm the fellow who wrote the book!

Thanksgiving Rodeo Is Being Advertised

The Hamlin Rodeo Association has engaged the Lions Club to help them carry on the newly created rodeo entertainments in this community.

This is a non-profit, non-incorporated, non-responsible enterprise just for entertainment. If any money is made beyond expenses, it will likely be given for some worthy cause.

So as a part of giving the people somewhere to go, the second program will be pulled off next Thursday, Thanksgiving Day. It will start off with a street parade at 1:00 P. M. and the afternoon program will start about 2:00 P. M., and sometime before the night program starts, those who get hungry may eat at the chuck wagon for 50 cents. The night program will have a whale of a crowd, as well as in the afternoon. Remember!

Mrs. Stanley V. Scott, wife of Lieut. Scott, came over from Abilene where she is staying with her parents, Mr. and Mrs. Joe Pitecock, while her husband is in Clovis, New Mexico, taking some extra training.

About Soldiers--Sailors

We note signs of "politicians" in some of our soldier-sailors. For example, there's Walter Cypert, who wrote us while on his way to the Norfolk Navy Yard, at Portsmouth, Va. He and a bunch of other boys left Fort Worth, Oct. 31 and passed through several big cities, one of which was Columbus, Ohio where they had two hours to wait. So like most Texas boys they visited the Capitol building and walked in and met the almost famous Republican Governor, Mr. Bricker, who has sprouted some presidential whiskers. From Walter's account the Governor thinks he has almost carried Texas for the presidency.... Texas boys, Hamlin boys will talk to anybody, anywhere any time... and leave some ideas in every spot. We are glad our boys make friends, even with Republicans. Cypert says, "Since coming here I have been aboard several large ships. It certainly makes a Texas boy's eyes stick out, seeing all of these large craft." Also note in Walter's letter that he is about to capture an English sailor by telling him about the glories of Texas. He said "That Englishman had difficulty in understanding our Texas drawl." Cypert said he saw Dean Redus the other day.

Christmas cards have already begun to arrive from our fellows from over the seas. One was received by us from Sailor Max B. Carlton, one from Pfc. Lloyd Andress, a soldier up in the far Northwest "somewhere". And one from our friend, Douglas W. McLendon B-M 2-C, U. S. Navy. Douglas' card had on it "Mele Kalimaka" and then a few days later he sent us his Seabees greeting card bearing his picture, all smiles and happy. Douglas has a good joke on Ye Editor. Some months ago we told about getting a coconut from him, and we called that "BM" boiler maker, 2nd class. Now there is another old Hamlin boy over there, Shelton King, and when they read what a bust we made, they got a kick out of it. BM means "Boatswain's Mate". Anyway we got the 2-C correct. Boatswain McLendon, we still have that coconut in the shack, but the hot summer dried up the milk, and our visitors now guess at it all the way from a huge pecan to a sweet potato.

We learn that Elton E. Cheshier has graduated from the Tyndall Field Air Forces Flexible Gunnery School, at Panama City, Fla., and has been promoted to sergeant. His wife lives on Route 4, Hamlin.

Pvt. O. T. Steed, son of Mrs. G. W. Higdon of the Hitson community, came in from Camp Carson Colorado last week to spend a few days at home after an absence of two years from his mother.

H. A. Payne, Seaman Motor Mechanic's Mate, came last week from New York, for a mere two days with his parents, Mr. and Mrs. B. C. Payne. There are three Payne boys in the Navy.

Now here's something from a Hamlin girl. Yes, a girl, and there are several Hamlin girls in service. Get this: Hazel V. Atkins, A-S (Apprentice Seaman) Reg. 17, Co. 4611, Bldg. L, Apt. 2H, US Naval Training School (WR), Bronx, New York, N. Y. (What an address). Well, Miss Sailorette Hazel writes a combination letter on a booklet, portraying all about the school where the girls are training. Hazel is learning plenty these days. She says "We march everywhere we go—to class, to cats and all activities." She has learned that mess means an eating place, and that "Aspection" means not a speck of dirt or grease on anything that a white glove can touch and show it. Well she says the Navy is "just wonderful and we all just love it." And this is another little Hamlinite away off yonder doing her little mite to help win the war for her America.

The Herald saw a letter from Pfc. Joe Stewart again this week. He must be in Italy or somewhere over there. He told his mother he had met a Chaplain, but in the letter he could not recall his name. (It must have been Chaplain Truman Raley). Joe said he gave him a copy of the Herald and "Boy was I glad to see it!" Well, Joe, your good old mother has started the Herald to you now and you should be getting it right along in a few weeks. Glad you are getting along fine, Joe.

Pvt. Jesus Mendoza, son of Mr. and Mrs. Zacarias Mendoza, on the Ben Maberry place, left Monday for his station at Ft. Bliss, Washington, State. Pvt. Mendoza wears the stripes that show he was in service before Pearl Harbor and the Pacific service. He is in the Alaska Defense Command. This young fellow says his worst objection to the army is the cold up there.

Hamlin Lieutenants almost took the town Monday, at least in one or two spots. There was Lieut. Loren Griffin, a Marine; 1st Lieut. Bill Scott, who is a master of heavy artillery, and Aviation Lieutenant Lanny Davis, three old Hamlin boys, who thoroughly enjoy the freedom of their home town. Ye Ed suggested to them that if they meet one of our private or non-com soldiers to tell them to relax and stop saluting. To US these boys are just kids and we forget to address them as officers. We don't really mean kids for when a boy finally gets the bars on his shoulders, he is thinking and looking like a real he-man. We had it in the Herald last week about Marine Griffin being at home, well he is going up to Ft. Sill to get some finishing touches in how to shoot. First Lieutenant Bill Scott had just one day off from his command at Brownwood and he returned Tuesday, and Lieut. Davis came in from his field in Arizona on his ten days furlough. Lanny is flying the big four engine B-17's now and that means he is about ready to give something somewhere a whale of a wallop. "Kids" nothin'! it takes a heck of a lot of the man stuff to do what our men are doing and are going to do in this ever expanding war. Now for example the kind of Cannon Bill Scott directs can lug a ball of explosives about "umteen miles" and blow the top of any mountain off.

Signs of Christmas are already here: For example soldiers like Pvt. Raymond Alls came in this week from Camp Adair, Oregon. He was like most of the others, when he gets home he can't fool around talking to everybody, and that means he can't even talk with a newspaper man. Soldiers and sailors will get early Christmas furloughs this year for several reasons.

Corporal Jack Russell of the Bryan Air Field came in Sunday for a furlough right at the time to accompany his dad, Ted Russell, on a hunting spree. Daddy Ted thinks maybe he can teach the soldier son how to shoot.

Capt. and Mrs. R. E. Powers of Camp Barkeley were week end guests in the home of Mr. and Mrs. Hefflin Miller.

M-Sgt. and Mrs. E. E. Carrington of Camp Tyson, Tenn., were guests Wednesday and Thursday of last week in the home of his aunt, Mrs. M. T. Hudson.

SOME FURLOUGH GREETINGS—

"I don't see why you want to go out with that girl tonight. After all we haven't seen you in six months."

"Why don't you and your wife spend your first night home with us? We can put you up in the living room on the day bed."

"I saw your old girl friend out dancing the other night. She was with a lieutenant."

"Why don't you wire your Captain for an extension?"

The army will be a good thing for you. It'll teach you to obey orders."

"The trouble with this army is, they're making it too easy on you men. Why back in '17—"

"Would you like to ride out and take a look at the new army camp?"

"There's a dance at the U S O tonight. Why don't you and Sally go?"

"Did they issue you oars with those shoes?"

"How do you like it living down south?"

"Remember that fellow who was trying to cut you out with Mary Lou? He's got a job at the airplane factory."

"Aw, I'll bet one of those Southern belles has you under her thumb."

"Charlie, dear, can I have your regimental insignia? I'm making a collection from all the boys I know in the army."

"Gee, I think those fatigue hats are cute."

"You young fellows are lucky. If I wasn't an old man with a family, I'd volunteer in a minute."

POT SHOTS FROM McCAULEY

—BY GEO. DARDEN—

Mr. and Mrs. A. B. Crowder and daughter and Mrs. Weldon Butler of Sweetwater visited in the home of Mr. and Mrs. O. T. Hennington last Friday evening.

From somewhere in the Aleutians Islands comes our first Christmas card from our good friend Pfc. Loyd Andress. Sure appreciate same Loyd and we wish for you a very happy Christmas and hope you will enjoy the next Christmas at home.

As the old saying goes, it is just one jolt after another in the old home town. Supt. H. P. Powers and wife have resigned at the McCauley school and have accepted jobs with the Avoca school. Mr. Powers has been with the McCauley school a number of years, first as principal and the past few years as Supt. We are sorry to lose these fine folks who have been an asset to the community and wish for them in their new home every success. Mr. and Mrs. Powers will take up their new work at Avoca next Monday.

All of the cow boys in this community are oiling their saddles, and shining their spurs for the big rodeo at Hamlin on Thanksgiving Day. We understand that there will be two performances, afternoon and night and the folks that like a good rodeo and good entertainment will not be disappointed on Thanksgiving Day at the Ball Park. And don't forget the big parade.

If it doesn't rain by the first of January there will be a lot of farmers stacking their plow tools and hanging up their hoes and taking off for defense work. Frankly, the dry weather in these parts is becoming serious.

Another ten days of pretty weather in this community will see about all the cotton gathered, ginned and baled and off to see Uncle Sam. What we mean is that it's all going in the government loan.

A number of folks from this community attended the rodeo in Abilene Armistice day.

A church social at the Baptist church next Friday night. All the ladies are invited and asked to bring a pie or cake. You will be glad you came.

Mr. and Mrs. I. N. Brown are the parents of a son, born last Saturday in a Rotan hospital.

Mr. and Mrs. John Shelley have received the Purple Heart which was awarded their son in the African campaign. Pvt. Shelley was wounded in action two months ago but last report is that he is doing nicely.

Mrs. H. P. Powers and Mrs. O. T. Hennington were co-hostesses at a 6 o'clock dinner for the Gamma Tau Chapter of the Delta Kappa Gamma society at McCauley Nov. 14th. The guests from Rotan were Misses Estelle Patterson, Delila and Josie Baird, Taggart; Mrs. Strayhorn and Mrs. Railsback; and from Roby, Mrs. Florene Miller; from Sweetwater, Miss Muir and Mrs. Bolin, Mrs. Paul Behning was a visitor from McCauley. A Thanksgiving motif was carried out in table decorations.

A large crowd attended services at the Methodist church last Sunday. A hearty welcome was extended the new pastor and wife, Rev. and Mrs. Silas Dixon.

Rev. and Mrs. Grady Adcock have moved to Abilene where he will take up his new work in the Abilene district.

Mrs. A. A. Callaway is still in a Stamford hospital and is slowly improving.

Real estate business is on the up and up in McCauley. Two deals made last week. Mr. and Mrs. F. L. Rector have sold their home to Mr. and Mrs. Willie Forbes and in turn purchased a house from Mrs. Lottie Rector, the former Sam Hardy home.

Sheriff Wilkins, County Attorney Campbell and two members of the liquor control board raided a negro joint on the outskirts of McCauley, finding some home spun firewater and the colored woman, we understand, paid a fine of \$128 and some cents. Perhaps no hill for a stepper.

One thing we know for sure is that we are going to have to close down the cotton gin within the next ten days if it doesn't rain. The gin tank is about dry—the turtles and crawdads on the bank looking at a dry sky.

COMMENT No. 1—The former Republican president, Mr. Hoover, is again getting anxious to feed Europe. We wonder why Mr. Hoover doesn't move to Europe, as he seems to be more interested in starving Europe than he is our own America. During Mr. Hoover's administration as President of the United States, we wonder why he wasn't more interested in starving

America. Millions of men and boys and even women and girls walked the highways of America looking for work and millions went hungry during Mr. Hoover's reign, yet he never attempted to remedy in a great measure the terrible situation. During Mr. Hoover's reign there were millions of bushels of corn, wheat and all kinds of food stuffs stored in the warehouses in these United States, yet our own citizens went hungry, but now comes Mr. Hoover with all his sympathy for starving Europe, when we in the United States had better be looking out for our own country and its citizens. Yes, charity should begin at home and then if there is anything left, then we might send it to war-torn Europe. Wars might not be so popular if the folks across the pond were made to realize that Uncle Sam would not shower them with plenty after such wars. Only a select few lived in luxury when Hoover sat in the White House. The masses were left out in the cold. If the citizens again wish 5 cent cotton and millions riding freight trains and walking the highways, then all we have to do is to be dumb enough to elect another Republican for President of the United States.

A DARDEN-O-GRAM

—O-O—

Community Election AAA Committeemen

The election of AAA Committeemen who will guide the destiny of next year's farm program and the food for freedom program is one of the most important coming events to the farmers of Jones County.

Jones County Committeemen always have been a vital part of the AAA organization. Next year they will be given new and added responsibilities and the men you elect to fill your county and community are the men who will help chart your course in 1944. Your course in total war.

Community committeemen will conduct the 1944 sign up of farm plan sheets and assist in establishing war time food production goals on your farm. They will keep you as a farmer posted on the agricultural situation and the operations of the AAA farm program.

Only by serious thought and study will you be able to elect the most capable and vigorous man among your neighbors. Production goals for 1944 will be more difficult to reach than they have been in the past. The farmers will be operating under more serious handicaps than they have been in the past. Acreage shifts into the more vital war crops will be made as well as shifts in the use of available labor, machinery, transportation and soil improvement practices. Next year should be a banner year for soil improvement by the construction of new terraces and tanks.

November 19, 1943 at 2:30 P. M. in eighteen centrally located places in Jones county will be the day when all farmers should go and help elect their 1944 community committeemen. The attached schedule shows the community makeup and the place the election will be held. Many of the elections in the past have been very poorly attended by farmers of the community.

Pecans

Nuts usually are thought of as delicious additions to pastry, candy and ice cream, but the Georgia school of technology views the pecan as raw material for industry.

Charcoal has been produced from the pecan hulls. When pulverized, it has as great power in decolorizing dyes as do other vegetable charcoals now being used industrially. Oil has been obtained from pecan meats which has a pleasant bland taste and odor. It becomes transparent when refined by the same process used for cotton seed oil. The oil can be used as salad oil or as a substitute for fats in baking. It has been used experimentally as a basis for cold cream which compares well with the finest commercial grades.

Ground nut shells may also have possibilities as abrasives or as a dusting agent for cleaning certain kinds of furs. They may also be useful for combining with dusting powders to kill insects.

Pecans are native to the southern states where the output is annually 20,000 to 50,000 tons. Improved varieties have been developed by selection and propagated by budding, but more than 50 per cent of the amount marketed are wild and seedling pecans which are native to the warm climate. Texas produces the greatest crop followed by Oklahoma, Georgia, Mississippi, Alabama and Arkansas.

Miss Joyce Hudson Lieut. Earle Misener Recite Wedding Vows

In a pretty and impressive service performed in the First Methodist Church, Sunday evening at 6 o'clock, Miss Joyce Hudson, daughter of Mr. and Mrs. M. T. Hudson, became the bride of Lieut. Earle C. Misener of Oakland, Calif., and Camp Berkeley. Chaplain Otis E. Kirby read the double ring ceremony. The altar was banked with ferns with baskets of large white chrysanthemums placed on either side and lighted with slender white cathedral tapers in eight-branched candelabra.

Preceding the ceremony, Capt. R. E. Powers of Camp Berkeley sang "I Love You Truly and Ah, Sweet Mystery of Life," accompanied by Miss Edwina Gilbert who also played the wedding march.

The bride, who was given in marriage by her father, wore a white velveteen dress, with the yoke of illusion banded with seed pearls, which also outlined the sweetheart neckline. Cascading from a coronet of orange blossoms was her veil of illusion and she carried a white orchid on a white prayer book.

The bride was attended by Mrs. Albert L. Box Jr. of Abilene, as matron of honor, and Miss Herbie Faye Johnston as bridesmaid. Mrs. Box wore a blue net dress and Miss Johnston gold net of similar design. Their shoulder length veils fell from coronets of pom-pom chrysanthemums and they carried nosegays of the same flowers. The junior bridesmaid, Susanne Hudson, younger sister of the bride, wore a frock of gold net with shoulder length veil and carried a nosegay of yellow chrysanthemums.

Lieut. George Kerman was best man and Sgt. Albert Box Jr. was groomsmen. Both are stationed at Camp Berkeley. J. Hefflin Miller and John A. Waldrop Jr. of Abilene served as ushers.

The wedding was followed, immediately by a reception in the home of Mr. and Mrs. Hefflin Miller on Central Avenue. For this affair, the reception and dining rooms were attractively decorated with chrysanthemums and other autumn flowers, chosen to place emphasis upon a blue and gold color combination. In the dining room, the beautifully appointed table held the three-tiered wedding cake and a coffee and a tea service at which Mrs. L. H. McBride and Miss Eleanor Temple presided. Assisting in serving were Misses Hannah Margaret Hudson, of Coleman, Ellen Gee Tankersley, of Baird, Marjorie Riddle and Lois Ellen Stell. Mrs. J. M. Harlow, of Coleman, was in charge of the register and others assisting in entertaining were Miss Pearl Hudson and Misses A. Hudson and Jim Hudson.

Lieut. and Mrs. Misener left immediately for a short wedding trip before going to Abilene where they will make their home. For traveling the bride wore a victory blue suit with brown accessories.

The bride is a graduate of Hamlin High school and attended N. T. S. T. C. in Denton and McMurry College in Abilene, and is now employed in the purchasing and contracting office of the quartermaster, Camp Berkeley.

Lieut. Misener is the son of Mrs. Earle C. Misener of Oakland, Calif. He is a graduate of Oakland High school and Sacramento junior college, and before enlisting in the army in June, 1942 he was an employee at the Bank of America, in Oakland. He is now with the camp training detachment at Camp Berkeley.

Wedding Party Entertained

Mr. and Mrs. M. T. Hudson entertained the members of the wedding party in their home Friday evening, Nov. 12, with a lovely dinner. Assisting Mrs. Hudson in entertaining were Miss Pearl Hudson and Mrs. Henry Jackson.

Junior Schubert Club

The Junior Schubert club met Nov. 14 in the Methodist church basement. The meeting was opened with the club singing "Texas, Our Texas," and giving the club creed. There was no business. The Counselor, Miss Edwina Gilbert, told the club about her trip to New York last summer. This was very interesting and everyone was anxious to hear more about it.

Officers Elected For Sub-Deb Club

The Sub-Deb Club met Tuesday night, Nov. 9, for the first meeting of the year, in the home of Bettye Lou York.

The following were elected officers:

President, Bettye Lou York.
Secretary, Gamile Hassen.
Reporter, Frances Steele.
Vice-president, Billie Kathryn Lancaster.

Mrs. Sarah Gold was elected as sponsor.

Eloise Bennicker was voted into the club as a new member.

After the business meeting, all attended the show.

The next meeting will be with Verna Mae Colwell, hostess.

From The Seniors

The Senior class had quite a time Friday night with a party in the band room at the High school. A large number of Seniors were there and everyone enjoyed games. Afterwards beans, onions, hotdogs and doughnuts and hot chocolate were served. The Senior class is the class that has a lot of fun at anything they do.

All of the classes of Hamlin High participated in the War Service Drive on a competitive basis. It was announced Nov. 15 that the Senior class had paid more money per student than any other class. The Seniors will celebrate this victory by getting all of Wednesday afternoon off before the Thanksgiving holidays. The amount paid by the Senior class was \$32.11. This is an average of 53c per student.

In a class meeting last week the Senior class met and decided to sponsor a school paper, "Piping for the Pipers." The following staff was elected:

Editor-in-Chief, Jack Harden Jr.
Associate Editor, Bettye Lou York
Advertising Mgrs., Billie Kathryn Lancaster and Glenn Adair.
Business Manager, Carl Myers.
Typists, Maedean Maberry and Alfred Altum.

Copy Editors, Billie Jean Holland and Charles Alexander.

Sports Editors, Leon Low and John Lee Barnett.

Art Editors, Edith Armstrong, and Mildred Carson.

Proof Readers, Wanda Williams, Hortense Phenix and Frances Gardner.

Faculty Adviser, Miss Stell.

The first copy of Piping for the Pipers will be out by Nov. 19. Watch for this paper because it's going to be a super duper affair.

Club Report

The Home-making club of Hamlin High school met Nov. 12. We discussed dues and year books for the remainder of the year.

The program was brought by the program committee as follows:

Earlene Johnson told the subjects of the programs for the remainder of the year.

Patsy Bessire read a very interesting article on Armistice.

We sang patriotic songs and were adjourned with "The Star Spangled Banner." —Reporter

Miss Hudson Honored With Gift Party

Miss Joyce Hudson, whose marriage to Lieut. Earle Misener took place Sunday evening, was honored with a gift party Thursday evening Nov. 11, in the home of Mrs. H. A. Johnston on Lake Drive. Entertaining with Mrs. Johnston were Mmes. L. H. McBride, E. M. Wilson, Fed Britton and Misses Eleanor Temple and Edwina Gilbert.

For the occasion the reception rooms were attractively decorated with chrysanthemums and other autumn flowers. Reading fortune by the stars for the honoree was featured in entertainment.

A small wagon loaded with gifts was presented to the honoree by her younger sister, Susanne Hudson, who was wearing a costume emphasizing the star theme.

A reception plate holding sandwiches, cake and coffee was served. Miss Gilbert played several piano selections during the evening.

Methodist Young People Were Entertained

Mr. and Mrs. Brad Rowland and Mrs. Joe Culbertson, entertained the young people in the basement of the Methodist church Friday night, Nov. 12th.

Games were played and refreshments served.

Those present were: Dora Joyce Culbertson, Anna Margaret McBride, Ray Coles, Jerry Waggoner, Bob Beavers, Brad Rowland, Doyle Dean, Barbara Young, Naomi Young, Diane Carlton, Inez Baggett, Elizabeth Butcher, Mary Beth Bowman, Jeannine Johnston, Mart Farrow, Thedford Copeland, Suzanne Toler, Charles Alexander and Imogene Brown of Shreveport, La. A good time was had by all.

Suzanne Toler, Reporter

Rev. Dan Jones went to Pearl Texas, Friday to visit his wife and her very ill father. He says Mr. Shook is much better. Mrs. Jones returned with him Monday. They were accompanied by Rev. Jones' sister, Mrs. J. H. Conner of Beehouse, Texas, who went on to Lubbock to visit a son in the air force and a daughter in Texas Tech.

Hamlin Girl Marries In Midland Saturday

(The following is taken from The Midland Reporter-Telegraph)

One of the prettiest weddings of the current season was celebrated Saturday at 6 P. M. when Miss Johnnie Mae Brown became the bride of Lieut. Philip E. Hetzel in a double ring ceremony at the Midland Army Air Field chapel with Chaplain C. C. Dollar reading the vows.

The bride was given in marriage by her father, John R. Brown. She wore an off-white satin dress with a sweetheart neckline, a fitted bodice waist and bouffant skirt. Her veil was finger tip length and she carried white orchids on a white prayer book.

The front of the altar was banked with ferns and at the opposite sides of the altar were baskets of white chrysanthemums and candelabras holding seven tall white candles each. Mrs. John R. Brown, mother of the bride, wore a copper crepe street dress with copper and green accessories and a corsage of brown orchids.

The bride is a daughter of Mr. and Mrs. John R. Brown of Hamlin. She attended the Hamlin schools and North Texas State Teachers College at Denton and Draughtons Business College at Abilene. She has been employed at the Midland Army Air Field since last January and will continue working there until the first of the year.

Lieutenant Hetzel is the son of Dr. and Mrs. Ralph Dorn Hetzel of College Station, Pennsylvania. He attended Pennsylvania State College and Pennsylvania Military Institute. He is in the Quartermasters Corps at the Midland Army Air Field.

Out-of-town guests for the wedding were the bride's grandmother, Mrs. J. J. Wilemon, an aunt, Mrs. Jack Williams and a cousin, Miss Wanda Williams, all of Hamlin.

P. O. Williams of Vellejo, Calif., is offering a good ranch lease west of Hamlin and he asks the Herald to report a good rain in the Hamlin country. He says "Maybe you folks are not paying the preachers."

Mrs. Morgan Directs Garden Club Program

The Hamlin Garden Club met Friday afternoon at the Harden Hotel, with Mrs. J. P. Morgan directing the program.

Roll Call response was "What Other Clubs Are Doing." The Garden clubs of our country are not only doing much for home beautification, but are sponsoring highway beautification, community gardens and planting of trees.

Miss Elva Greenway gave helpful information on bulb planting and preparation of soil. Mrs. Morgan gave an interesting article titled "You Can Grow Trees In Spite of Drouth and Wind." The information came from A. & M. College, and made one want to plant trees, especially pecan trees. There are several fine pecan trees in our city, and one of our members, Bowen Pope, has gathered pecans from a tree in his garden. They are thin shell and have a fine flavor. Why not plant pecan trees for beauty as well as profit?

Mrs. E. M. Wilson discussed Ground Cover Under Trees. There are many plants that can be grown successfully under trees.

Save your Autumn leaves; how, when and where was timely advice given by Mrs. Jay.

A Thanksgiving table arrangement was featured by Mrs. W. C. Russell.

Members exchanged bulbs—those little dry, brown bulbs, that each lover of flowers knows contain a miracle. Plant some and watch the transformation.

"NO BETTER PROTECTION THAN INSURANCE"

For Freedom's Right!

FOURSCORE and seven years ago our fathers brought forth upon this continent a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal."

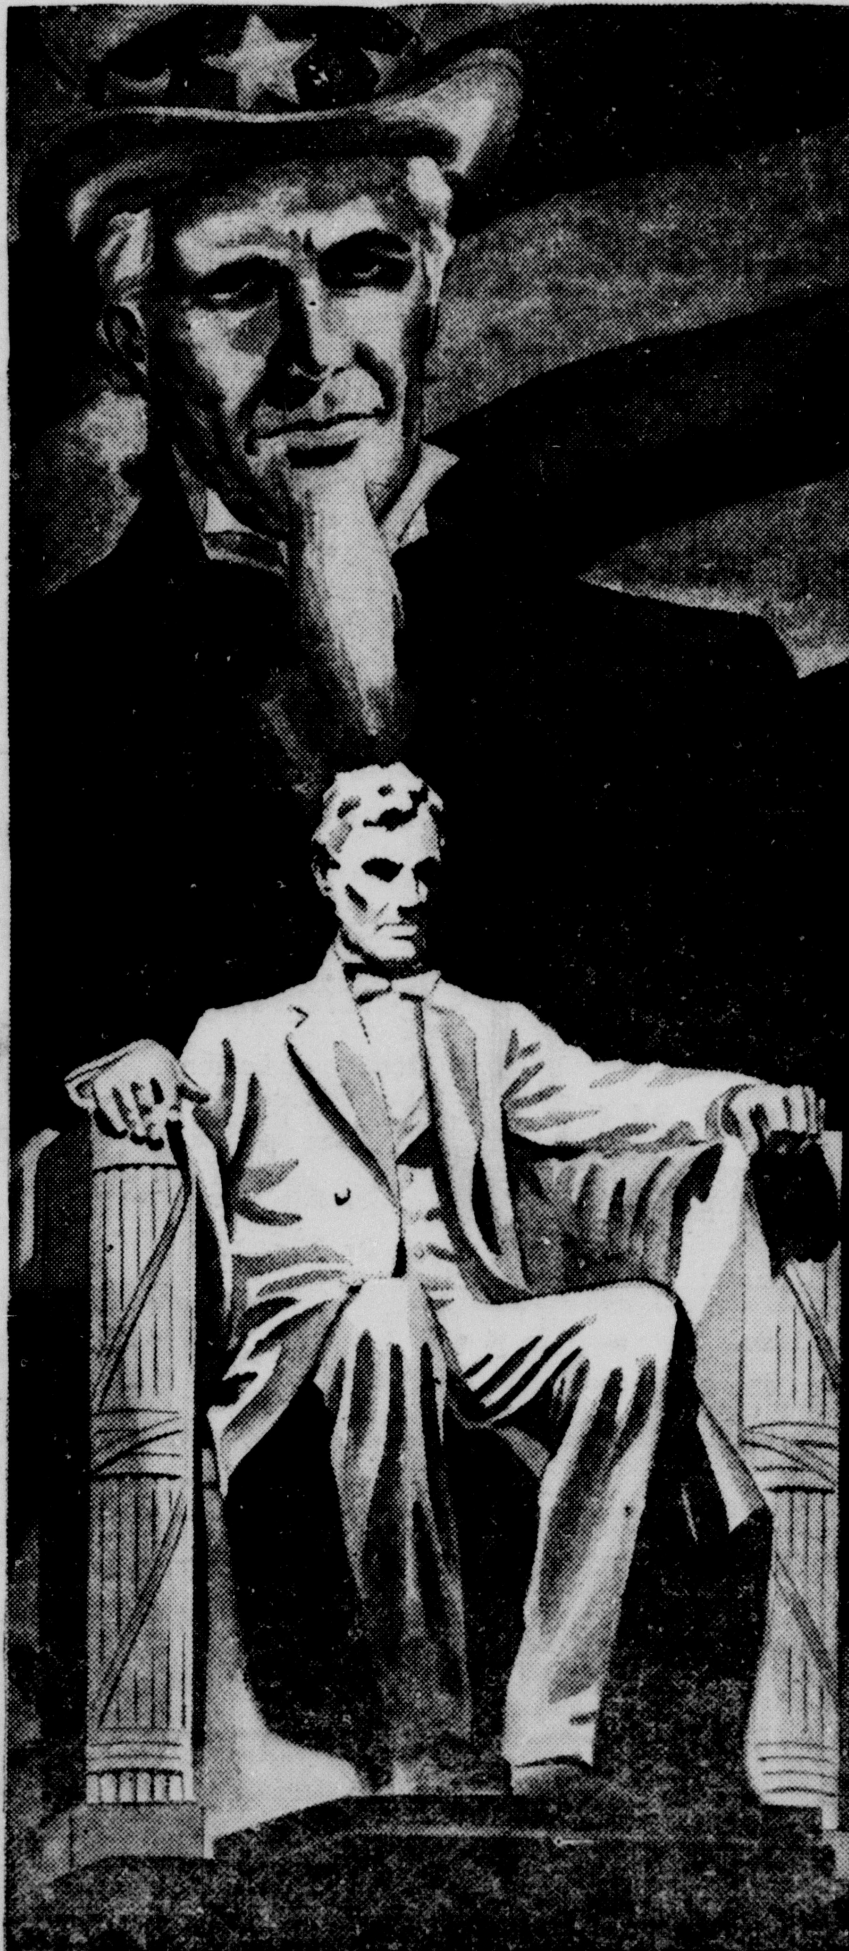

Fourscore years ago this November, Abraham Lincoln began his immortal Gettysburg Address with those words, in dedicating the National Cemetery at Gettysburg, Pa. Through the years that address has come to be known as one of the greatest documents of the ages, calling every loyal heart to "be here dedicated to the great task remaining before us . . . that these dead shall not have died in vain . . . that this Nation, under God, shall have a new birth of freedom."

FREEDOM . . . that little word that means so MUCH! In this country we see its symbols everywhere. Our churches, our newspapers, our lecture halls, our assemblies, our businesses . . . all represent that one, all-important word. Under the influence of Freedom and what it represents, our country has grown in 150 years from a wilderness to the strongest power on earth. Today it is free people who are saving the world. People who will never allow themselves to be conquered!

FREE ENTERPRISE . . . Another word that creates tangible results. Free Enterprise . . . the force that enables private business-operating companies, like ours, to serve the public in their own zealous individual service-giving manner. From them each of us has earned personal benefits—our community has prospered and our country has become the richest in the world. When those who are fighting the battle of freedom return home to America, they'll expect this ideal to be preserved. It's up to us to do it!

Let us commemorate this, the 80th Anniversary of Lincoln's Gettysburg Address, as "dedication day," an occasion for re-dedicating ourselves "to protect the rights and liberties of American Citizenship and maintain National Honor, Union and Independence."
